

Mountain Bike Trails at Avalanche

The Top of Michigan Mountain Bike Association have announced a campaign to raise \$100,000 for the start of construction of a new 10 mile network of Mountain Bike Trails within the Avalanche Preserve. They have teamed up with the Michigan Economic Development Corporation in an on line crowdfunding program through Patronicity. The MEDC will match each dollar donated up to \$50,000. However we have to reach \$50,000 in donations by July 23 for this to happen. In the first week they exceeded \$12,000. So let's get in there help!
